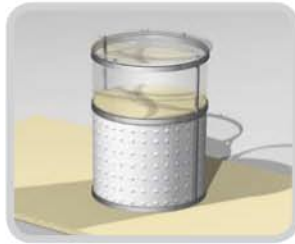

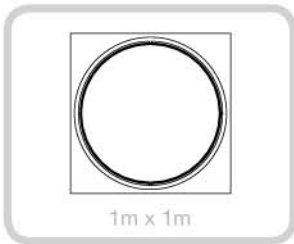

Exhibition performance that lasts...

PROFILE

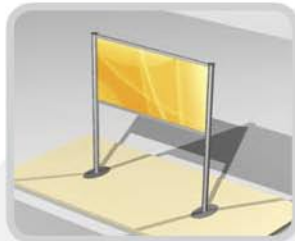

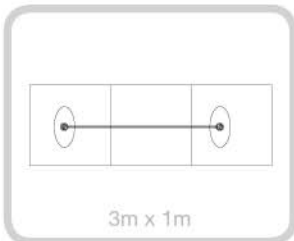

modular system

Our Profile range has been designed for exhibitions, displays and POS. It is available both as standard kits, like the examples below, or customised for your specific requirements.

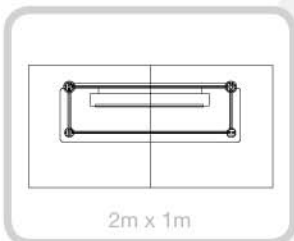

Kit one

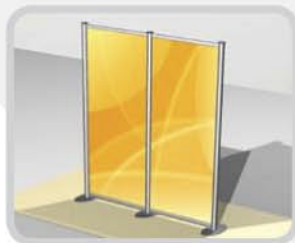

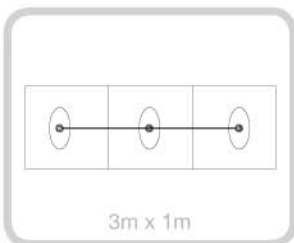

Kit two

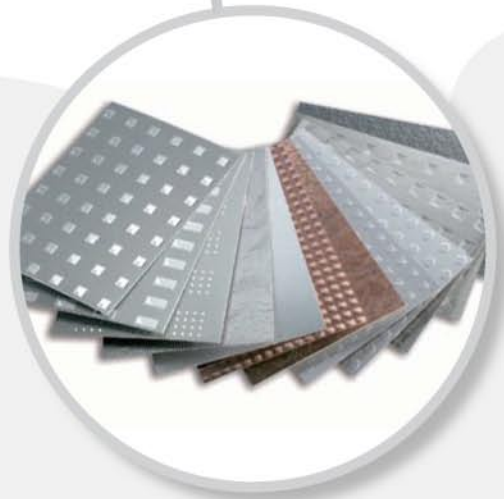

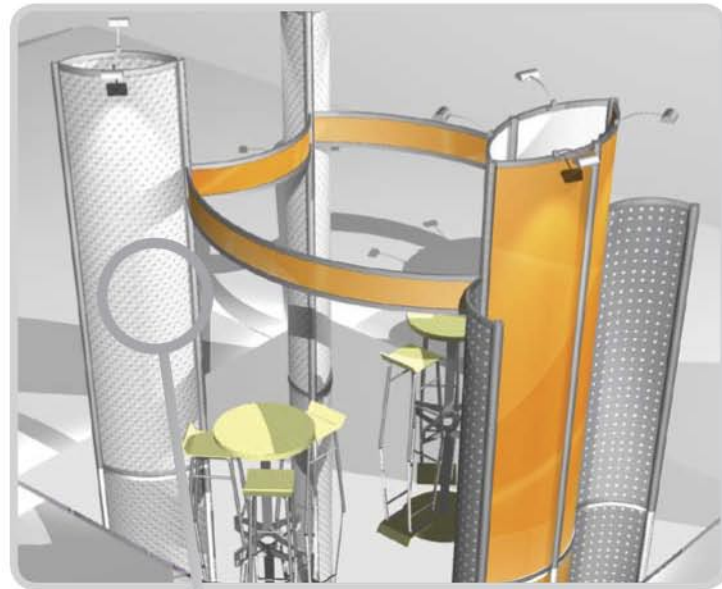

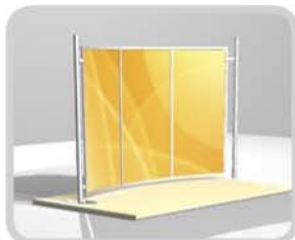

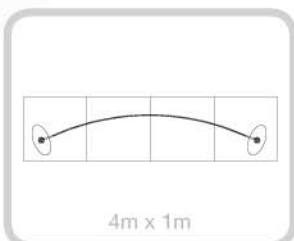

Kit three

Kit four

Kit five

We have a vast range of styles for the panels, from graphic to wood to metallic, to produce a completely individual finish.

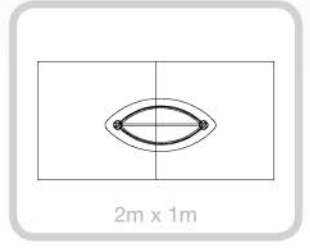

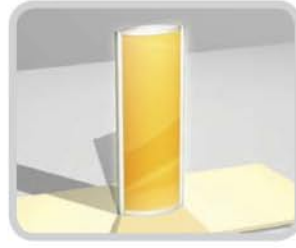

A range of lights are available that connect easily to our system.

The framework itself can be coloured to any RAL colour to match your corporate image.

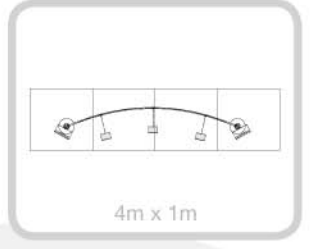

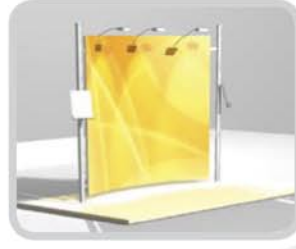

Kit six

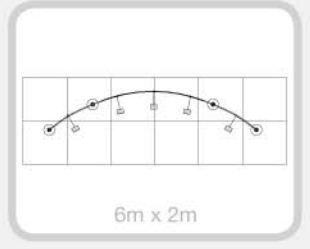

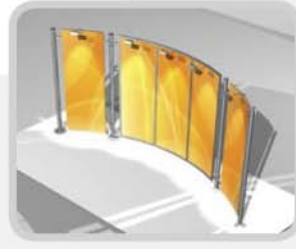

Light boxes add vibrancy and help drive home a particular feature of your brand, that you might wish to accentuate.

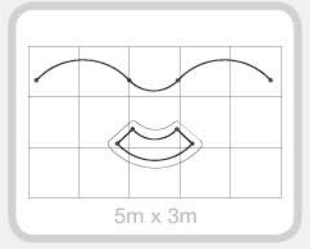

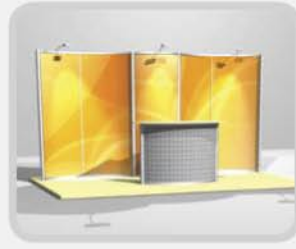

Kit seven

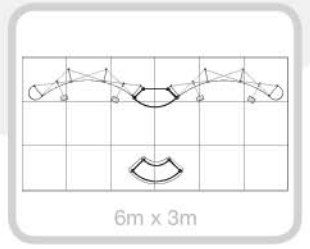

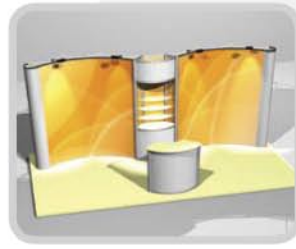

Kit eight

Kit nine

Kit ten

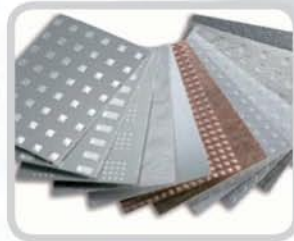

PROFILE
